## SITUATION

The Old Chapel being situated in an Area of Outstanding Natural Beauty and World Heritage Site at the popular small hamlet of Higher Bal about ½ mile to the north-west of St Agnes, is therefore ideally positioned to access the town as well as numerous coastal walks of the area, walks on the Beacon and the surfing beaches of Trevanance Cove and Chapel Porth.

There is a junction to the new A30(T) dual carriageway at Chiverton Cross about 4 miles to the south and the cathedral city of Truro, being the commercial and retail centre of Cornwall, is about 9 miles to the south. At Truro there is a station on the London Paddington line.

## THE OLD CHAPEL

Purchased by the current owner in 2018 as a two-bedroom converted chapel in need of updating and repair, the current owner has embarked upon a good quality total renovation project to the exterior and interior of The Old Chapel, as well as improvements to a useful outside Utility Outbuilding.

Today the renovation works of a high standard are incomplete, but well advanced. The sale therefore presents an opportunity for a purchaser to take on and apply their own tastes and styles in completing the project. As the attached floor plan shows, the proposed accommodation is reverse level – as was the previous conversion – with, on the ground floor, an Entrance Porch, Entrance Hall with turning stairs off to the first floor, two Bedrooms and a Bathroom. The first floor presents an open-plan Kitchen, Dining and Living Room, with a quadruple aspect fully enjoying the views of the area and the sea.

Highlights of work which has been carried out to the current stage include:-

Reinforced concrete ring beam to secure all four walls and create a stable base for new roof timbers, slates and Velux windows  
Installation of 3 kW roof solar panels  
New Heritage look windows  
Ground floor level screed and damp-proofed  
Repairs to both gable ends  
Internal walls rendered with marine grade tanking render from Cornish Lime and finished with KA tanking slurry  
All exterior cement render removed to exposed stone and walls repointed with breathable Cornish Lime products  
All new internal stud framing, floor joist and flooring installed  
Presentation of the building structure for the utility outbuilding

Outside are parking and gardens areas, as well as a useful Utility Building

## DIRECTIONS

From the centre of St Agnes, by the St Agnes Hotel, take Trevanance Road towards Higher Bal. Ignore the turning to the right towards The Beach and about a further 100 yards bear to the left towards Wheal Coates and The Beacon. Drive through the relaxed speed limit sign and continue up the hill towards the chimney stack. At the crossroads turn right (unsignposted) and The Old Chapel will be seen on the left-hand side after a short distance.
