

50, Byron Street, Macclesfield, SK11 7QA

Situated in a pleasant street to the south of Macclesfield town centre, this two-bedroom mid-terrace cottage provides a chance for a wide range of buyers, whether it be a first-time buyer, buy-to-let investor or indeed a buyer looking for an easy-to-maintain home to acquire a property ready to move into with no chain.

Although there is some scope for updating and improvement, the property has received some major overhauls over recent times, with the front roof being fully stripped off and overhauled in 2017, as well as a new front door being fitted.

The property is warmed by gas-fired central heating (new boiler fitted Aug 23) and comprises a lounge and kitchen to the ground floor with two bedrooms and a bathroom to the first.

As with many traditional courtyards in Macclesfield, the communal yard was subsequently improved as part of a council enhancement scheme, creating individual garden areas to the rear of each property, defined by attractive dwarf walls.

Macclesfield is a thriving business centre and market town with excellent local amenities and a choice of modern leisure and sports facilities. The town is situated on the Cheshire Plain, at the edge of the Peak District National Park with its picturesque beauty and extensive walks.

Residents of Macclesfield have access to good transport links including national motorways, major roads and train networks, including the West Coast Line direct to London. Manchester International Airport is only thirteen miles away by road. Greater Manchester is within comfortable daily travelling distance and there are regular bus services to neighbouring towns.

Proceed out of Macclesfield in a southerly direction along the A523, turning right shortly before the traffic lights at Byron's Lane into Byron Street; the property can be found on the right-hand side.
