

Station House, Rice Lane,
Flaxton, YO60 7PZ
£525,000

ABOUT THE PROPERTY

A wonderfully individual former railway station, steeped in local history and rich in period charm, Station House offers a rare opportunity to acquire a distinctive home with a genuine connection to Flaxton's railway heritage.

Flaxton Railway Station once served the York to Scarborough line, which opened through the village in 1845, and historic photographs of the station remain part of the village archive today. Records relating to the area's railway architecture also document alterations to the station house in 1881, adding another fascinating chapter to the story of this remarkable property.

Today, the property is a substantial and characterful home that retains a wonderful sense of its past.

The ground floor is particularly impressive, with five generous reception rooms and a traditional-style kitchen, providing an exceptional degree of flexibility for modern family life. The reception rooms could readily accommodate a variety of uses, whether as formal/informal living spaces, additional bedrooms, home office or hobby rooms. Each has its own distinctive character, with features including fireplaces and bay windows providing reminders of the property's heritage. Upstairs are two substantial double bedrooms, together with a spacious five-piece family bathroom featuring both a bath and separate walk-in shower. Another notable feature is the large attached garage, complete with power, lighting and an adjoining WC. Offering considerable scope and potential, this space could lend itself to conversion into additional living or ancillary accommodation, subject to the necessary consents. Outside benefits from ample off-road parking and a secluded, established garden with fruit trees, creating a private and attractive setting that complements the character of the house beautifully.

Station House is a rare opportunity to acquire a home of genuine history and charm, combining wonderfully versatile accommodation with potential to adapt and evolve for its next chapter.
