The accommodation currently includes a lounge with a wide bay window and a feature brick fireplace, the separate kitchen is fitted with a range of units, pantry area and side access to the garden, an excellent sized bedroom also with a wide bay window and large wardrobe cupboard.

The property is set beyond a wide gravel driveway offering excellent off street parking and access to the attached garage, with the main accommodation flowing from the generous reception hall.

The integral garage is currently attached to the neighbouring property garage on the right hand side. This property is currently subject to a planning application which will involve the removal of the neighbour's garage and appropriate making good to the property being sold.

To the rear the garden is a blank canvas, currently laid to lawn with established trees providing a high degree of privacy, There is a patio running the width of the home and side access and a useful garden shed and garden storage area at the rear.
