Energy performance certificate (EPC)

44 Hayle Terrace HAYLE TR27 4BT	Energy rating **C**	Valid until:	**21 October 2036**
		Certificate number:	**9320-2302-7600-2726-6745**

roperty type	Mid-terrace house
otal floor area	61 square metres

Rules on letting this property

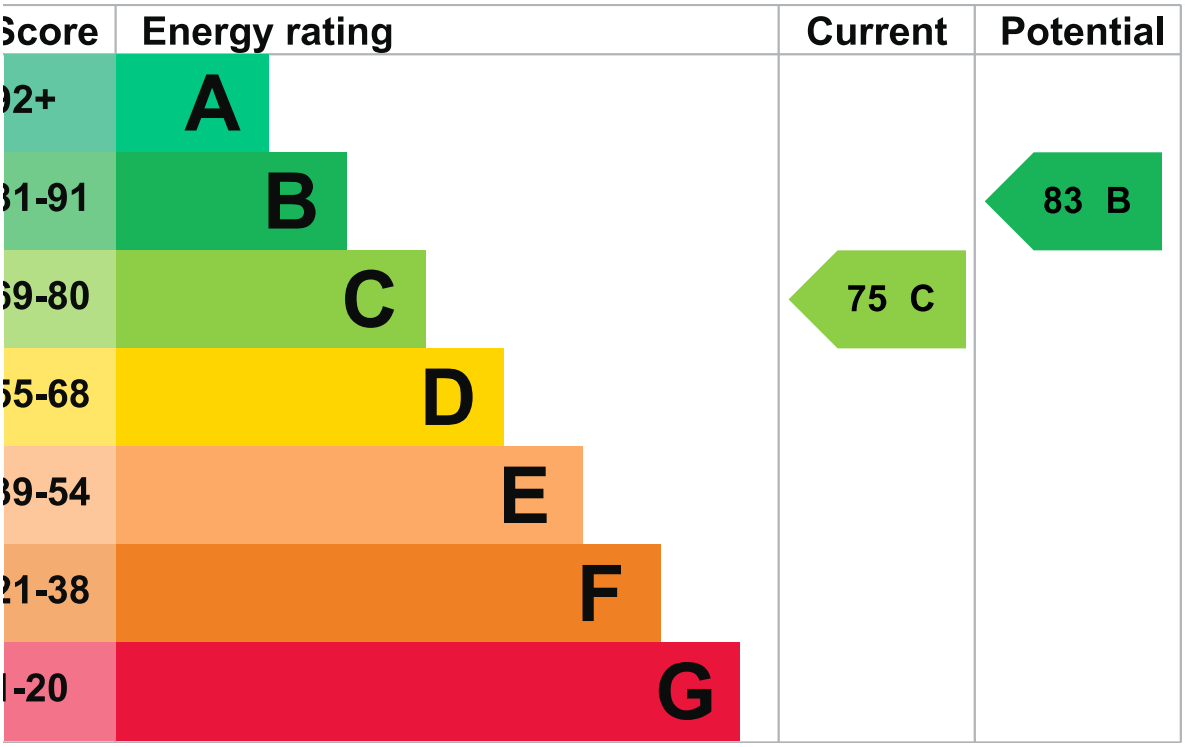

operties can be let if they have an energy rating from A to E.

u can read guidance for landlords on the regulations and exemptions (https://www.gov.uk/guidance/domestic-private-rented-property-nimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

is property's energy rating is C. It has the potential to be B.

e how to improve this property's energy efficiency.

e graph shows this property's current and potential energy rating.

operties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are ely to be.

r properties in England and Wales:

- the average energy rating is D
- the average energy score is 60

Breakdown of property's energy performance

eatures in this property

atures get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well atures work or their condition.

sumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

ature	Description	Rating
all	Granite or whin, as built, no insulation (assumed)	Very poor
all	Cavity wall, as built, no insulation (assumed)	Poor
oof	Pitched, 175 mm loft insulation	Good
oof	Pitched, insulated (assumed)	Average
ndow	Fully double glazed	Poor

ature	Description	Rating
ain heating	Boiler and radiators, mains gas	Good
ain heating control	Programmer, room thermostat and TRVs	Good
t water	From main system	Good
ghting	Good lighting efficiency	Good
oor	Solid, no insulation (assumed)	N/A
tightness	(not tested)	N/A
condary heating	None	N/A

rimary energy use

e primary energy use for this property per year is 137 kilowatt hours per square metre (kWh/m2).

About primary energy use

dditional information

ditional information about this property:

- Stone walls present, not insulated

mart meters

is property had **a smart meter for electricity** when it was assessed.

nart meters help you understand your energy use and how you could save money. They may help you access better energy dea

nd out about using your smart meter (https://www.smartenergygb.org/using-your-smart-meter)

low this affects your energy bills

average household would need to spend **£643 per year on heating, hot water and lighting** in this property. These costs usua ake up the majority of your energy bills.

u could **save £72 per year** if you complete the suggested steps for improving this property's energy rating.

is is **based on average costs in 2026** when this EPC was created. People living at the property may use different amounts of ergy for heating, hot water and lighting.

---

eating this property

timated energy needed in this property is:

- 4,140 kWh per year for heating
- 2,030 kWh per year for hot water

mpact on the environment

is property's environmental impact rating is C. It has the potential to be B.

operties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year.

arbon emissions

n average household produces	6 tonnes of CO
his property produces	1.5 tonnes of CO
his property's potential production	1.2 tonnes of CO

u could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.

ese ratings are based on assumptions about average occupancy and energy use. People living at the property may use differen
nounts of energy.

teps you could take to save energy

Do I need to follow these steps in order?

tep 1: Internal wall insulation

ypical installation cost	£7,500 - £11,0
ypical yearly saving	£7
otential rating after completing step 1	78 C

tep 2: Solar photovoltaic panels, 2.5 kWp

ypical installation cost	£8,000 - £10,0
ypical yearly saving	£19
otential rating after completing steps and 2	83 B

Who to contact about this certificate

ontacting the assessor

ou're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

ssessor's name	Matt Barter

elephone	07833585410
mail	matt.barter@btinternet.com

ontacting the accreditation scheme

ou're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

ccreditation scheme	Elmhurst Energy Systems Ltd
ssessor's ID	EES/020285
elephone	01455 883 250
mail	enquiries@elmhurstenergy.co.uk

bout this assessment

ssessor's declaration	No related party
ate of assessment	22 October 2026
ate of certificate	22 October 2026
ype of assessment	▶ RdSAP
